

Meet Emily (The Emily Series) (Volume 4)

When Emily Parker returns to her hometown after several years, she's reminded of the rolling hills and captivating quiet, the fond memories of growing up and one lost love. Years of relationships falling short behind her, she's finally happy on her own. So why when she makes the turn into her hometown does she think of that one boy, that one relationship that only lasted the span of a summer but stayed on her mind over the years? Why have all other relationships paled in comparison?
