

## Create Your Own (Recreating Your World Book 1)

You have sailed for years and decades on the vast oceans of life searching for a world of your dreams. You have not found any place that is exactly like where you have been dreaming of. You have now discovered another island that seems to look empty, and void of all the beautiful things you have been dreaming of having in the world of your imaginations. What you hold in your hands now is the manual you need to recreate your own world. You can turn this newly discovered island into a beautiful place. This is an opportunity to build from the scratch a beautiful world of your own. Although it looks like this newly discovered island is isolated and lonely, hidden in it are all the lovely things God has in stock for you. Do not be discouraged or deceived by what you see with your bare eyes. What you are presently seeing as a problem in your world is just a camouflage. You can now start living your life in the beautiful and wealthy place God has prepared for you. By the time He is done with you, you will surely know that this isolated place is a treasure island. On this mountain of isolation, you will build new foundations and structures. You now have the opportunity to recreate your values, rules, regulations, principles, and laws.
